

Are you a **health or social care professional** working with families in the **perinatal period**?

Do you work in the **north west regions of Melbourne**?

What is it like providing care to families in the COVID-19 pandemic?

The **MCRI Refugee and Migrant Health Research Program** wants to hear from you!

Share your experiences with us in a telephone or video interview

Read more about the study and request an interview time **here**

Caring for families in the pandemic
